I **accept** the offer of admission to study at the Asian Institute of Technology starting on **04 August 2016**. I am not aware of any circumstance likely to prevent my attendance at AIT for the full duration of the program to which I am admitted. (Students who are responsible for family or other dependants must make good provision for their care before coming to AIT. This is particularly important in the case of students whose families live outside Thailand since it may be difficult to return home during the program of study. *No family members will accompany me or join me at AIT until married accommodation on campus has been confirmed in writing.*)
